MEDICAL INFORMATION

Please complete the following information

Is your child suffering from any ongoing illness? Yes or No (If yes, please give full details)

Is your child currently taking any medication? Yes/No (If yes, please give details)

Have you discussed with the adult taking responsibility for your child, how to take any medication needed? (dose, frequency etc.)

Have you supplied enough medication for my child and also spare medication in case of loss/damage?

Does your child suffer from any known allergies? Yes/No If yes, please give details and any medication required

Please include below any other information that we should be aware of.

If it becomes necessary for my child to receive medical treatment and I cannot be contacted by telephone or by any other means to authorise this, I hereby give my general consent to any medical treatment and authorise the adult responsible for my child to sign any document required by the hospital or other authorities.

Signed:

Date:

Please give the full name/address and telephone number of your GP:

N.B. The medical profession takes the view that a parent's consent to medical treatment cannot be delegated. This view is explicit in the Children Act 1989. Medical consent forms have no legal status and a doctor has the right to insist on parental consent to treat a child. However, it can be of comfort to medical staff to have general consent in advance from parents to have a leader on hand to sign forms.
